INFORMATION FROM THE NICHOLS COLLEGE RESIDENCE LIFE STAFF

Welcome to Nichols College!

At Nichols we believe that residential living offers students the chance to live and learn in a supportive environment. We believe that a student should develop into a responsible citizen capable of giving back to their community, and that every single person is important and critical to our collective success. Our staff is made up of both student Resident Assistants (RAs) and full-time professional Area Coordinators (ACs). Our staff and policies are in place to strive to make our residence halls safe, convenient, and welcoming. Nichols students take personal responsibility for their behavior and surroundings and set high expectations for civility and community.

Living on campus during this exciting time of your life is a privilege, and your time at Nichols will not last forever. Take advantage while you're here to make the most of it—leave your room, put down the cell phone, close that laptop, and engage with one another. Learn from one another, respect one another, and embrace all the opportunities that this wonderful campus holds for you.

I'm looking forward to meeting each of you and seeing you thrive at Nichols College.

Jessica Ryan

Assistant Dean of Student Life

FAQs

Before you're all packed and ready to go, take a moment to read some of our FAQs so you can settle right in once you're here—and make sure packages from home will find their way to you!

When will I find out where I am living and who my roommates are?

We will wait until after Orientation to assign rooms so that students may connect with a roommate. You will receive an email at your nichols.edu account detailing your building & room number, your roommates and their contact information, as well as valuable move-in information.

Can I pick my roommates?

You may pick the person or people you would like to live with. The housing portal is where you can match with a particular roommate. Detailed instructions will be given out at Orientation.

When I get there, what will I find in my room?

A single bed, mattress—extra long (36"x80"), closet/wardrobe, desk, chair, shades/blinds, and shower curtain.

What about my mailing address?

There is a Post Office on campus with boxes for each student. You will receive your Unit Number during New Student Check-In. The format you should use for your mailing address is:

All residence halls are equipped with washing machines and dryers. There is no cost associated with these machines. Be sure to bring your own laundry supplies.
